

Continental Aktiengesellschaft, Vahrenwalder Straße 9, 30165 Hanover, Germany

Information on Substances of very high concern (SVHCs)

March 04th, 2021

Dear customer,

thank you for your request concerning SVHC under the REACH regulation.
On 28 October 2008 the European Chemical Agency (ECHA) released the so called "candidate list" of potential substances of very high concern (SVHC). This list was updated on 16th January 2021 and includes now 211 substances.
(see: <http://echa.europa.eu/web/guest/candidate-list-table>).

We would like to inform you that all tires manufactured by Continental do not contain any of the 211 listed substances in quantities of 0.1 % w/w or more.

If you have any further questions regarding SVHC, please don't hesitate to contact our REACH-contact person Björn Stapel (bjoern.stapel@conti.de; phone: +49-511-938-59519)
